Summary:

Proficient C/C++ software developer; Since 2 years, debugging, restructuring and designing new features (C/C++/Qt) for open source org [KDE](#); 1 year experience in [Jugnoo](#) in designing/owning projects from scratch, writing RESTful APIs;

Experience:

Jugnoo (JULY 2015 to May 2016):

Designed RESTful APIs (NodeJs/MYSQL) for:

- [City Panel](#) Manage drivers' data; Demand/Supply analysis for cities.
- [Customer Support Panel](#) Automated support; Integration of third party APIs like [Freshdesk](#), [Mandrill](#) etc.
- [ACL \(Access Control List \) server](#) Multiple access levels; Authentication/Authorisation using access token.

Internship (May 2014 to July 2014) at [Google Summer of Code \(GSoC \)](#) (All git commits [here](#))

- Designed an [educational game](#) using [Marble](#) (a virtual globe) under [KDE](#) . (Using C++/Qt/QML) (See [My blog](#) for details.)
- Enhanced marble libraries by adding new features and fixing bugs.

Mentored Google Code In (Oct 2014 - Feb 2015) Create tasks for students' and review their code.

Mentored GSoC project (May 2015 - July 2015) [Port Marble to Android](#) using Qt/C++ for Android.

Languages and Technical Skills:

- C++; C; SQL; Qt/Qml; GIT; Node JS; Express Js; REST; CMAKE; KML
- Linux; AWS; Algorithms; Data Structures;

Projects (Code is on [github](#))

- [System Monitor](#) (August 2016, Using C++ REST SDK) An application to monitor resources usage of systems on a network.
- [Twitter Search](#) (Nov 2016, Using NodeJs) A Node.js application to search tweets with a particular tags and other filter criterias.
- [Hex Board Game](#) (November 2013, Using C++) During an online course [C++ For C Programmers](#) . The game uses [Monte Carlo Simulation](#) to determine the best move.
- [Electronic Diary Manager](#) (June 2013, Using C++) Allows users to read/write diary entries. Users' data protected by username/password.
- [Text Editor](#) (Using Qml/Qt-C++ , April 2014) A text editor providing basic operations; Designed nice UI and animations.
- [Gesture Controlled Robot](#) (October 2013) As a part of ARM design challenge 2013.
- Also, I'm contributing to improve [open source projects](#).

Educational Qualifications:

Degree/Class	University/ Board	Major	Year	Score
B.Tech	NIT Hamirpur, H.P.	ECE	2011-2015	7.13/10
12 th	CBSE	Physics, Chemistry, Maths	2011	72.4 %
10th	CBSE	Science, Maths	2009	80.8 %

Hobbies:

- Writing poems; Travelling, Nature Photography; Listening music
